Lawler Partners is a successful, growing and dynamic firm committed to excellence and outstanding client service. This commitment to client care has resulted in the firm winning two categories in the prestigious National BRW-St George Client Choice Awards 2006 earlier this year.

As a result of the firm's outstanding growth and exciting plans for the future, two new positions are available within the Newcastle Business Services team.

You will be joining a strong, dynamic group and this **Partnership** opportunity will call on your entrepreneurial skills, technical expertise, personal commitment and high energy to establish and extend client relationships. You will be rewarded with the satisfaction of knowing you make a real contribution to the firm and also to clients through partnering with them for success. To achieve this you must have a generalist background in business services that includes exposure to SME groups and corporates, working with clients on strategy, management issues, risk management, feasibility and succession as well as identifying client needs and managing delivery. Aligned with the external focus of the role, you will also have a demonstrated ability to develop a high performing team through leadership, mentoring, development and project management in addition to a solid understanding of tax and structuring.

The **Manager** position offers you the opportunity to develop your skills and career in an innovative client focused environment in which you will be mentored for partnership opportunities in the mid-term. You must have broad experience in business services, team management, leadership skills and a commitment to exceptional client service.
