

World Society for the Protection of Animals

# veterinary – disaster response

- **Bangkok based - Asia-wide focus**
- **Newly created strategic and field role**
- **Livestock protection for disaster affected communities**

WSPA works with hundreds of member societies worldwide to raise the standard of international animal welfare. Their vision is for “a world where animal welfare matters and animal cruelty ends”.

In this role you will lead disaster management response operations for livestock and domesticated animals in Asia and the Pacific. You will also coordinate disaster preparedness and manage emergency response and recovery operations.

You are a qualified veterinary professional with livestock experience and a deep understanding for the plight of animals in disasters. Your flexibility and exceptional interpersonal and organisation skills will give you the ability to manage large scale emergency field operations and liaise with governments and senior veterinary and humanitarian professionals.

If you are passionate about ensuring the welfare of animals in disaster areas then please call Richard Green on 61 2 8243 0570 or send your resume to [ngo\\_10@ngorecruitment.com](mailto:ngo_10@ngorecruitment.com)
