

Retirement Living and Aged Care

# business development managers

- **Two New Senior Roles – Sydney & Melbourne**
- **Significant Six Figure Package + Bonuses**

Adelaide Bank is recognised nationally as a leading financier to the growing retirement living and aged care industry. Through the provision of finance for start-up developments as well as established facilities, they are committed to adding value to their clients through effective and efficient tailor-made business solutions.

Taking advantage of the bank's market leading involvement in this sector your role will be to join an existing business development team and be responsible for establishing a state based business in Melbourne or Sydney. Imagine extending this market dominance to your state in a caring and supportive culture unfettered by the encumbrances of working in one of the larger banks.

To succeed in these roles, you will require an extensive commercial lending background along with a proven track record of new business development. Prior lending to the Aged Care Industry will be highly regarded. These challenging roles will suit a self motivated banker looking for a new opportunity to prove themselves by taking an established brand into a growing market.

If you like the idea of building a business in a positive environment then please call **Michael Green** or **Lisa Trapnell** on (02) 8243 0500 or send your resume.

**Bradman Recruitment – Level 6, 60 Carrington Street Sydney 2000.**
