

## health care coordinators western sydney

- Collaborate with health professionals & community providers
- Facilitate population health planning and program delivery
- Attractive remuneration package, multiple roles available

WentWest, a highly successful Division of General Practice (GP) and a leading provider of GP vocational training is now one of the first *Medicare Locals* in Australia. *Medicare Locals* will coordinate primary health delivery and tackle health needs and service gaps at a local level.

These roles will be responsible for the community based implementation of the *Medicare Locals* strategy in Parramatta, Holroyd, Mt Druitt or the Hills District. Working collaboratively with members of each local community, ranging from clinicians to consumers, you will facilitate and orchestrate integrated activities on evidence-based local population health needs.

Ideally you have a background in health from either the clinical, operational or management end but most importantly you have the ability to engage people and negotiate successful outcomes. You are an experienced project manager and planner with a track record in delivering complex programs.
